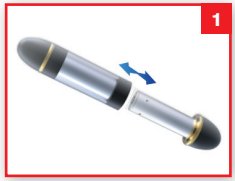
CHARGING



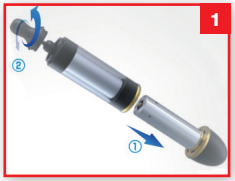
Remove battery from the base of the tank.

Connect the battery to the USB charger.

Connect the USB charger to a suitable power source. The LED on the charger will light red when the battery requires charging.

When the battery is fully charged the LED will light green.

CHANGING THE COIL



Remove the battery from the base of the tank.

If necessary, pour the e-liquid from the tank into a suitable container.

Unscrew the atomizer coil from the tank.

Screw a replacement atomizer coil into the tank and follow the filling guide overleaf.
